### **DETAILED ACTION**

1. The indicated allowability of claim 10 is withdrawn.

### ***Claim Rejections - 35 USC § 103***

2. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

Claim 10 is rejected under 35 U.S.C. 103(a) as being unpatentable over Sayre (US Patent 5,654,022) in view of Lauer et al. (US Patent 6,616,997).

Sayre teaches a cork surface with decorations, designs, logos, etc. on the surface, however he does not explicitly disclose printing with a polychromatic image on the surface. Lauer et al. teaches a closure with cork appearance that is produced with desired colors by using conventional printing techniques that are well known in the art (Column 7, Lines 30-44). It would have been obvious to one having ordinary skill in the art at the time the invention was made to modify the invention as taught by Sayre to include a printed design with many colors as taught by Lauer et al., since Lauer et al. teaches that is advantageous to print a colorful design to provide a visual appealing appearance of the cork. Applicant should note that claim 10 is a product by process claim that is defined by the claimed structure of the product.

### ***Allowable Subject Matter***

3. Claims 2-8 are allowed.

***Response to Arguments***

4. Applicant's arguments with respect to claim 10 has been considered but are moot in view of the new ground(s) of rejection.

***Conclusion***

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. (7.96). Baia (1979-011400) teaches color printing on cork for decoration.
